A FRIEND TO FARMERS APPEARS ON MARKET

Chemists have been searching around for a new insecticide that has better killing qualities than the popular DDT, and it has come in the form of

RHOTANE

It will give Better, Safer Protection against Corn Earworms and Borers, and other plants on which DDT has been used. It is approximately 1-5 — 1-10 as toxic to warm blooded animals as DDT.

Research has shown that Rhotane has been most successfully used in spraying Vegetables, Forage Crops, Live Stock, Fruits, in Mosquito Control and many other new uses. A deadly enemy to "hornworms".

OBSERVATIONS

to bid on this big contract. All of these firms have done much highway work in the Palm Beach, Hendry and Glades counties.

County Agent M. U. Mount says that while vegetable growers of the Glades and Eastern Hendry counties are suffering less on crops by recent rains, those in the cattle business have gained by the appearance of better pasturing grasses.

Palm Beach law officers, Sheriff John Kirk, Constable Ray Whitlock and Chief of Police Charles Goodlett spent last week down in the Big Cypress hunting turkey and deer and doing a bit of "mess" fishing. En route to camp, Ronald Whitlock, must have lost his wallet for a man by the name of W. J. Sprague, of Findlay, Ohio, found it lying along the highway just east of Wildwood corner. The wallet contained no money, but a personal paper were strewn about in the grass. These he picked up, and with the wallet, turned into the Belle Glade police department. Sprague is a fisherman and had been over from Stuart to try his fresh water fishing in the lake, and stated that he would be back here next year for the Belle Glade police department. He has at least one honest man running round Florida territory.

We ought to be able to keep our bodies, clothing and home a bit cleaner this year, for soap manufacturers have announced a valuable cut in price on the powders and cleaning materials. Ought to be bit more consumption of soap, then, as these commodities are coming down.

The Florida Cattleman, in view of the National Cattleman's Association convention in Miami and the annual Brahman sale at Ocala, this month, came out with the January edition. In it the Fubel and VanLandingham ranches of Belle Glade are given prominent mention in advertisements.

Chairman Julius Harris of the Street committee states that about February 1st, he will inaugurate another program for extensive street repair and improvements in the city. Second and First Streets will be the first improvement undertaken. The city will be able to take some rock out of its own pit, but will likely also get some rock from the adjoining pits owned by the county. N. N. Starling.

The State Game and Fresh Water Commission, the past week, purchased from the Southern Land and Timber company, 10,250 acres of land back of Jupiter, for \$51,450. This land lies north of the present state game preserve, and it is suspected that the new area will be thrown into the reserve. The Commission has added some new breeding stock to this, in a move to produce more game for later hunting. There will be thousands of acres of preserve land added south of Loxahatchee when the flood control project develops.

Indian River Sportsmen at Vero Beach are now staging the annual tourist season fishing contest, with very excellent results. Some whopping big fish have been entered: Les Riley, with a 31 pound king mackerel; Albert Bowman, with a 12 pound snook; and Hugh Corrigan, 24, 22 and 30 pound sea bass. The seabass were all caught at Sebastian Inlet, now said to be the best fishing grounds on the river.

Did you welcome the New Year in a propitious manner? He sure got a voracious welcome from party crowds all over the land. Imagine there were some swelled and aching heads and bulging eyes the morning after.

The fatalities of the Christmas holiday reached an all time high with highway accidents leading, just seems that people cannot learn or won't drive safely.

Report is that the Rotary club is to become the foster father of the Belle Glade High school band during the coming year. A good selection of a project for financial assistance.

The National Doltish, this month, will place and unveil a statue of George Washington at the Alexander, Va., monument. Funds were collected from all the chapters, including those at Belle Glade, Lake Worth and West Palm Beach.

L. E. Will worked hard while Master of Belle Glade Masonic lodge but he has now an appreciative gift in the form of fine Elgin watch, to constantly keep his in mind of his lodge. One has to be around this man

quite a bit to discover that he has a lot of sentiment hidden away that semi-solitary mask of his, especially for things that are old and relates to the Glades. Get into a crowd he can also tell some pretty good stories.

Looked kind of good to see Roger Cunningham and Ward Harrison around town mingling with their old school friends. Navy service seems to be agreeing with these stalwart lads of the Glades.

The Lions bulletin of recent date had these two items in it, that as no good, are passing them along to a wider reader circle:

"And what did mama's little boy learn in school today?"

"I learned two fellows not to call me mama's little boy."

Leon Sewell's wife: "And what have you been doing all morning?"

Leon Sewell: "Filling the salt shakers like you told me to do."

Leon Sewell's wife: "All that time?"

Leon Sewell: "It ain't easy, pouring salt through them little holes."

Our storm sewer project, which was quite active during the Taylor regime, seems to have died and is now buried deep under other city improvement projects.

It has been some years since I witnessed installation of officer work in the Eastern Star, so I did enjoy witnessing the dignified and impressive work which the Star girls staged at the joint ceremony on last Thursday night. What ever the Stars undertake they do well. The social hour was a real treat and success for the big crowd in attendance.

"Bo" Pugh, former sea life insurance writer in the Glades for the Gulf Life Insurance company, came down from

Clervieu, to spend the holiday vacation among former friends and relatives. The past year Pugh again won high insurance recognition, by leading all agents in writing policies, in his division.

City employees liked their initial Christmas party so well that they have put it on the blottor for a repeat in 1950.

It cost the city of Belle Glade well over \$1700 for an audit, which showed that it had been "relieved" of a stated sum of \$22,353.60. Guess the price was justifiable to gain the important information.

As certain portions of the have been recently brought into the expanded fire zone, it means that persons erecting homes or business places will be governed by the Building Code. Steel or cement will be the materials from which structure must be built.

With the installation of acoustic tile in the city auditorium, the acoustics should be materially improved. The loud speaker phones placed on the commissioner's desk seemed to be more of an ornament than useful utility.

In his collegiate days Rev. Dan Graham, now pastor of the Everglades Presbyterian church, attended Seawee college up in Tennessee. He was a member of that famous football team representing that school, which played a dozen games in successive days and won all of them. These mountain boys played a rugged game those days, even more so than the players of the modern game.

Palm Beach county has had to back up in its intent to have a vegetable display at the Tampa fair this year, owing to the fact that the heavy rains and flooding of fields the past week, made it impossible to produce the necessary display as planing two Sunday games a month.

ned. The RDB, however, will plan for a big display in 1951, if conditions permit.

Did you have your hog jaw and blackpepp dill dish for your New Year's dinner? Handled down from early days this is a favored dish in most southern Cracker homes. Some-thing like the back beer around Easter.

The U. S. Department of Agriculture has announced that owing to the large reserve corn crop on hand, that in 1950, it will curtail commercial corn planting 12.9 percent. Bet the western corn planters will yell over this order.

Planting the spring tomato crop in St. Lucie county is now under way. The fall deal was a favorable one amounting to over a million dollars. Prices during the season ran from \$14 to \$10 the crate.

Belle Glade will again have its annual event, the Bass Ball Team.

For many years past Belle Glade has always had a crack colored baseball team, and will have one a gain this season under the management of the J. L. Murphy. Early season games will be played at the Checochee project field, but a new playing field is being constructed near the new Lakeshore school, which will be dedicated around Easter. The new field is being made possible through public donations and free labor by the colored men, and the promoters plan on a fine athletic field, not only for baseball, but for football and other athletic events. Murphys states that most all his players are again back in the Glades and the Red Wings will field a crack team. In addition to the semi-professional team, the Sterling Clowns, a camp team, will share diamond time with the Red Wings, each team having two Sunday games a month.

On next Sunday, Murphy, will offer a double header game with the Stuart Dodgers meeting the Ft. Pierce Browns; and the Red Wings will take on the winner of the first game. Game time will be 1:30 o'clock.

Bean City Has A Christmas Party

The Bean City folks enjoyed their annual Christmas party on Thursday afternoon on Thursday evening before Christmas. A tree and gifts for everyone in the community was a feature of the evening. The children put on a play, Christmas in Foreign Lands. Fruit cake, sandwiches, cocoa and coffee were served.

Mrs. J. Frank Prevatt, Mrs. J. H. Harrell, Miss Norma Jean Armstrong, all of Bean City, Mrs. Wm. Blackwell of Belle Glade and Mrs. Gibb Gross of Chosen complimented Miss Justine Buddie, bride elect of Albert C. Owens at a bridal shower at the Belle Glade Woman's Club on December 19. Twenty-eight guests attended and many lovely gifts were showered upon the bride to be.

South Bay Girls Marries Mississippi Man

Mrs. John K. Willis announces the marriage of her sister Miss Ann Marie Boatwright and Wil-

liam Frame at Gulfport, Miss., on December 22. The bride wore an aqua wool suit for the ceremony.

The bride is the daughter of Mr. and Mrs. John Boatwright of Mill Springs, Mo. and South Bay Frame is the son of the late Mrs. Irene Frame of South Bay. He entered the armed services during World War II and has served in Pensacola, California, Washington and Alaska. He recently re-enlisted for another 6 years and plans to make the U. S. Navy his life work.
